

March 16, 2021

Michele, Dylan, Kyle, Kelsey, Cari

Greta, Kelsey & Lindsey are all invited to weekly meetings

VOLUNTEER BENEFITS

Receive % or \$ off from store for volunteer hours - % or \$ increases as more hours are donated (committee chair & board members get more)

Maybe do quarterly hours instead to eliminate confusion with handing out discount codes

Creates brand ambassadors and easy marketing

If profits aren't covered, we cover the profits out of our total

Committee chairs to track hours volunteered for their committee members

Michele - reach out to non profit attorney to make sure this isn't considered payment to our volunteers (send him the sheet)

TINY HOME

Waiting for Gabrielle to get back to us - hoping to give him his tiny home at the event

Dylan - reach out to Lonnie to see if they connected

TOOL TESTING

March 28

Dylan, Michele & Kyle - batteries

Also have corded tools so we need power - **Dylan** - check into if there is power if not **Michele** will bring generator

Test tools under load - Kyle - supply screws, blades, wood, etc

Michele - craft tool form for recipients & determine how many to each

AUCTION WITH COLLABORATIVE

Attending live demo

Interested just what to figure out more how it works

Call for additional donations if we (ROS) vote to move forward with auction

ARBOR DAY

Lindsey is assigning us & volunteers time slots - she is staggering us with a new volunteer

Wear our ROS apparel

Kyle - update on branding shovels - check into vinyl costs - check with ACE on shovel costs/donations

Kyle did follow up with Dave at Shaver Lake Hardware and sent over cost

Fig Garden Rotary - Michele filled out grant application for shovel costs & one for money to cover gift cards for battery purchases for families receiving tools

Michele - waiting on response from Fresno Ag for shovels as well

MOD PIZZA

Need 20 people to RSVP for them to do the event

Need help getting fliers to their location

GILBERT ESTRADA

Direct him to Highway 168 Fire Safe Council (he has an LTO as well) - Charlynn at 168 Fire Safe Council

HIGHWAY 168 FIRE SAFE COUNCIL DONATION

Feedback from board on their ask for \$30k

Vetting process, scope of service, etc?

Maybe set up a meeting with them to hear more about it

Michele wants to connect them to the Collaborative again

APPLICATIONS

We received 2 more

GSLVB FIREWORKS

Update for fireworks show from county? Dylan submitted safety plan last week

Magsig's office (via fb comment) said the only way it will not happen is if the state says no due to COVID

The earlier we can advertise for the event, the safer it can be

Narrative: we want to make it happen just as much as you want to make it happen. You can help by donating to GSLVB and tag it for the fireworks show

Kelsey is staying up with the fireworks responses on social media (& other responses needed)

GSLVB WEBSITE

Kyle still getting an error code with goshaver.org ("your connection is not private")

Kyle will help with updates and changes to website

Biggest issues:

past board members still listed (need to be removed) and other board members need to be added

directory - not working well on mobile

GRETA, TREASURER

On-boarding next week
